FROM AROUND THE WORLD

Cocktail Tasting – we received an email requesting our favorite cocktail for an IMEX team tasting – different cocktails popped up and our team decided on Suzanne’s Wagon Wheel. We were delighted to hear that it was selected to be one of the cocktails to share with our industry colleagues - Cheers!

Hosted Team, IMEX Group

“I visited Nashville for the first time this summer and fell in love with the city – while at the Farm House restaurant I asked the bartender to come up with my signature cocktail and the Wagon Wheel was invented. The name is an homage to one of my favorite country songs and the whiskey is best if it’s from Tennessee.”
